Dedication of new Multi-Purpose Production Block at the Custom Manufactured Chemicals Division, Berigai

Chennai, August 10, 2023:

The first phase of the new multi-purpose production block project, which was set up at an investment of around Rs.300 Crores by the Custom Manufactured Chemicals Division of Chemplast Sanmar Limited, was dedicated today by Mr Vijay Sankar, Chairman of the Company, in the presence of the Board of Directors.

The new production block is designed and constructed based on best-in-class safety standards for such a facility. The block is fully automated with a state-of-the-art automation system and also incorporates various sustainability initiatives to reduce water consumption.

Project activities related to the second phase of the production block are also underway and are expected to be completed over the next 8 months.

Speaking on the occasion, Mr Vijay Sankar commented that - *"This block was safely constructed in a record time period and demonstrates Chemplast Sanmar's ability to build and bring on-stream a multi-purpose production facility that meets the highest global standards. My sincere thanks to the project engineering and operations team that worked tirelessly over the past 12 months to get us to this moment. This new block is in line with our commitment to grow in the Custom Manufactured Chemicals business and we are pleased to offer this world-class asset to meet our customers' needs"*.

The Custom Manufactured Chemicals Division manufactures advanced intermediates and active ingredients for global agrochemical, pharmaceutical, and fine chemical innovators. Led by a qualified team of chemists and engineers, the division has invested in state-of-the-art production blocks, Pilot and R&D facilities to handle a wide range of chemistries and processes.

About Chemplast Sanmar Limited

Chemplast Sanmar Limited is part of the SHL Chemicals Group, which in turn is a constituent of The Sanmar Group, one among the oldest and most prominent corporate groups in South India. It is a major manufacturer of Speciality Chemicals such as Speciality Paste PVC resin and Custom Manufactured Chemicals for agro-chemical, pharmaceutical and fine chemicals sectors. The Company also produces other chemicals such as Caustic Soda, Chloromethanes, Hydrogen Peroxide and Refrigerant Gas. Chemplast is one of the most integrated chemical producers in the country with a closed manufacturing loop.

Chemplast also manufactures Suspension PVC through its wholly-owned subsidiary Chemplast Cuddalore Vinyls Limited. Chemplast Sanmar is the largest manufacturer of Speciality Paste PVC resin in the country and is the second largest producer of Suspension PVC in India.

Chemplast has played a pioneering role through its ingenious choice of feedstock and manufacturing processes, and efficient, eco-friendly practices. Chemplast is one of the industry leaders in sustainability practices and is a recipient of numerous awards and recognitions on this front.

Safe Harbor Statement

Statements in this document relating to future status, events, or circumstances, including but not limited to statements about plans and objectives, the progress and results of research and development, potential project characteristics, project potential and target dates for project related issues are forward-looking statements based on estimates and the anticipated effects of future events on current and developing circumstances. Such statements are subject to numerous risks and uncertainties and are not necessarily predictive of future results. Actual results may differ materially from those anticipated in the forward-looking statements. The Company assumes no obligation to update forward-looking statements to reflect actual results, changed assumptions or other factors.
